

REMARKS

Entry of the above amendment to the specification and claims is respectfully requested.

The present divisional application has been amended to include a reference to the parent application. Additionally, the application has been amended to cancel claims 7-13 that were elected in the parent application, and to cancel claims 14-15 that the Examiner stated were drawn to a separate invention in a restriction requirement of the parent application.

Furthermore, claims 16 and 17 have been added to the present application. Support for claim 16 can be found on page 19, lines 5-13, and in Figs. 2-3. Support for claim 17 can be found on page 20, lines 2-9. Therefore, no new matter has been added by way of the preliminary amendment.

Accordingly, it is respectfully requested that this application be allowed and a Notice of Allowance issued. If the Examiner believes that a telephone conference with Applicant's attorney would be advantageous to the disposition of this case, the Examiner is requested to telephone the undersigned.

Respectfully submitted,
